

Teams at GiroSardegna: Presentation and Ranking

Teams made up of numerous members have always participated at GiroSardegna, but only in 2017 has been established a Team Ranking based on the model of the existing one in Professional Tours.

The ranking has been very successful and has been much appreciated: consequently in 2018, the Giro is going to give more attention to the Teams dedicating to them:

- 1) **The presentation of the Teams**: the call on the stage will be made for **Teams having at least five athletes registered** (regardless if man or woman and if enrolled in **GranGiro** or **MedioGiro**); the presentation will take place in Budoni's central square, at 15.00 on Saturday 21st April, just before the withdrawal of the race packs in the Parodi Theater. Cyclists can get on stage in the race uniform and with their bicycle.
- 2) **Daily Teams Ranking**: add up the race times obtained from the first three riders of each team (man or woman) at the finish line; **award winning the team with the least time in **Grangiro** and **MedioGiro**.**
- 3) **Overall Teams Ranking** is obtained adding step by step the race time achieved daily by the teams which have at least three cyclists at the finish line; at the end of GiroSardegna **the top three teams of **Grangiro** and **MedioGiro** will be rewarded.**
- 4) **The prizes**: in the Daily Ranking each of the three athletes of the first place team in **Grangiro** and **MedioGiro** are going to get a bottle of wine produced in Sardinia; awards are delivered during the evening briefing. The Overall Ranking will deliver **a 10% discount (to the team 1st place), 7% (the 2nd) and 4% (the third)** applicable on the total share (hotel+race) of all athletes of the same Teams participants to GiroSardegna the following year; carers are excluded from the benefit.
