

Collaboration agreement with a Tourist Agency.

The Touristica Agency **F.C.travel** of Santa Teresa Gallura has started to collaborate since 2017 with the **GiroSardegna** and has always done an excellent job getting good rates with the shipping companies that touch the Sardinian ports.

Starting from this year, the collaboration is extended and the Tourist Office has been authorized to prepare "packages" of hotel+race integrated by the naval and/or air travel.

The times are now tight because the effects of this agreement are already seen in the current year, but it will certainly be in the years to come that the Agency will simplify access to the event for numerous athletes coming from various Italian regions and from abroad.

In any case, you can already contact the Agency for naval tickets: here are the references:

[Via Maria Teresa, 38](#)
